

One-Year Personal Growth Plan

We understand as believers that we cannot make ourselves produce fruit. That is the Holy Spirit's job. However, we also know that we need to be "abiding in the Vine" if we are ever to experience any growth at all in our lives. Some people use the phrase, "actively resting in Christ," to describe our interaction with God in the maturing process. The Holy Spirit reveals areas that we need to grow in. Our responsibility is to then trust God for growth in these areas. What areas of your life do you need to grow in right now? And what active steps will you take to trust God in these areas?

Areas of Fruit I Need to Trust God With:

This year I need to trust God help me grow in...

- This fall we will engage in this activity/study/experience to help me grow...
- Next spring we will engage in this activity/study/experience to help me grow...

Growth Areas I Need to Trust God With:

This year I need to trust God help me grow in relation to...

- This fall we will engage in this activity/study/experience to help us grow...
- Next spring we will engage in this activity/study/experience to help us grow...
