Christian Academy of Indiana Junior Academy

Welcome to CAI Junior Academy

As current research reveals, early childhood is the most important time of development in the life of young children. The goal of the Christian Academy of Indiana Junior Academy is to stimulate the child's physical, mental, emotional and social development while maintaining a strong spiritual emphasis.

The philosophy of our scripture-based curriculum is that young children learn best by doing. With the understanding that play is their "work", a balance of child-initiated and teacher-directed activities help to prepare the children for future academic growth and development.

"Train up a child in the way he should go and when he is old he will not depart from it."

Proverbs 22:6
